The USS Albany Association was formed on September 1, 1990 in the capital city of Albany, New York, namesake of all the ships named Albany. The association is a non-profit veterans organization and is comprised of Navy and Marine veterans who served or are currently serving on board those ships bearing the name USS Albany.

The heritage of the USS Albany, while in the service of the United States has been a long and rich one. The Albany has served with pride and distinction both during war and peacetime.

Albany Association members come from all fifty states. Each year we have a reunion in a different city which usually lasts 4-5 days. Tours and activities at the reunions provide lots of time to enjoy the camaraderie that exists amongst our members.

The association publishes a quarterly newsletter containing news and photos from the association community as well as articles of interest to our members.

The association was formed over 20 years ago and many of its founding members are still included in our rolls. Our current members served aboard three of the USS Albany ships; the CA-123 Heavy Cruiser, the CG-10 Guided Missile Cruiser, and the SSN-753 Submarine. Forty-three of our current members served in World War II.

The association operates a Ship's Store containing over 40 souvenir items available to members at slightly above cost.

With a commitment to preserving history, the USS Albany Heritage Exhibit committee worked diligently for three years to locate and restore artifacts from all ships named Albany. On September 2, 1993 the Heritage Exhibit Center opened its doors to the public.

Over the years, hundreds of artifacts have been collected and catalogued in the Heritage Exhibit. Not only are we trying to preserve the naval history of Albany, but also to provide an educational center for residents and visitors to the city.
